Good Shepherd Church provides a \$320,000 subsidy to the school to help make a Catholic education affordable for Catholic families. Active parishioners receive a significant benefit off tuition for each child. An active parishioner is defined as one who is active with their parish, attending Mass each Sunday and Holy Days of Obligation, and contributing financially on some level to the church.

It is the goal of Good Shepherd Parish that no Catholic child, whose family is participating in the life of their Parish, will ever be denied a Catholic education because of financial need. The Diocese of Harrisburg has partnered with FACTS Grant and Aid Assessment to conduct financial need analyses. This program collects financial data from families to determine an appropriate level of financial assistance for each family that applies. Registration through FACTS must occur each year. Please contact Helen Kantes, office manager, at 717-737-7261 or hkantes@gsschpa.org for application information for FACTS.
